How about a very large image?

- Itemize Environments are important
- We can highlight words
- We can add animations.
  (please don't over-do it)

Outlook

Outlook

The font size should be as large as possible

- *Never smaller than the age of the oldest audience member*
- Don't vary sizes to much, never within a slide
- Stick to one font
- Don't overuse formatting like bold, italics, alert, etc.

But you knew all that already...
